# INDEX TO VOLUME FIVE OF THE POLICY STUDIES JOURNAL

The following indexes of subjects and names cover the four regular issues of Volume 5 of the Policy Studies Journal. The special issue on "Comparative Public Policy" will be indexed as part of the Volume 6 Index. Subjects cover the basic concepts included in the titles and subtitles of symposia and non-symposia articles and in the titles of books being reviewed. Names cover authors of articles, authors of books being reviewed, and reviewers of books.

## SUBJECT INDEX

Accountability, 4-8, 86-113; In administration of policy, 86-113; In legislative reform, 395-401
Actors in public policy, 4-8, 41-64; Intergovernmental relations aspects, 50-55; Legislative-administrative relations, 56-64; Role approach to participation, 41-49
Administering public policy: Accountability, 86-113; Actors, 41-64; Administrative behavior, 29-33; Bureaucratic control, 85-95; Decision processes, 4-8, 65-85, 265-266; Human resources, 4-8, 9-40; Legislative-administrative relations, 56-65; Management science, 80-85; Oversight, administrative, 86-96, 186-196; Planning, 70-79; Public personnel, 23-28; Rational culture, 29-33; Symposium on, 4-114; Theory, 30-31
Agricultural policy, 4
Allied Services Act, 77
Applied research, 160-168; 497
Arms control policy, 497-509
Arrow-Lind view of group discounting, 337-338
Arts, 114-124; Data sources, 121-124; Funding sources, 120-121; Policy questions, 115-117; Research projects, 118-120
Assignments to Congressional committees, 431-436
Automobile safety regulation, 136-137
Axiomatic models, 282-289; Advantages over empirical
Axiomatic models (con't) models, 284-285; Current status of, 282-283; Illustration of, 285-287

Basic research, 160-168, 491-497
Behavior: Administrative, 29-33; Voting, legislative, 308-314, 340-345
Bibliographies: Policy studies books, 270-272; Political Science fields, 517-520; Social directions, 372-373; Social programs, 143-144
Biological sciences, 513
Budgeting, 65-69
Bureaucracy, 4-8, 510-511; Control in administration, 85-95; Staff impact on legislative policy, 450-454

Campaign spending, 424-431, 513-514
C.I.A., 512; and Congress, 476-480
Civil service, 5-6
Citizen participation: In research and development, 217-227; Influence on Congress, 414-419, 485-491
Committee assignments, Congressional, 431-436, 464-469
Comparative public policy, 369-370, 519; military policy, 505-506
Comprehensive Employment Training Act, 76
Concepts of productivity, 97-98
Conformity approach to role analysis, 42-46
Congress: Accountability, 395-401; As political science field, 518; C.I.A. reform,

Biological sciences, 513
Budgeting, 65-69
Bureaucracy, 4-8, 510-511; Control in administration, 85-95; Staff impact on legislative policy, 450-454

Campaign spending, 424-431, 513-514
C.I.A., 512; and Congress, 476-480
Civil service, 5-6
Citizen participation: In research and development, 217-227; Influence on Congress, 414-419, 485-491
Committee assignments, Congressional, 431-436, 464-469
Comparative public policy, 369-370, 519; military policy, 505-506
Comprehensive Employment Training Act, 76
Concepts of productivity, 97-98
Conformity approach to role analysis, 42-46
Congress: Accountability, 395-401; As political science field, 518; C.I.A. reform,

Congress: (con't)
476-480; Campaign spending, 424-431; Committee assignments, 431-436, 464-469; Constraints on, 402-408; Elections, 414-418, 454-459; Impoundment, 480-485; Leadership, Senate, 464-469; Membership turnover, 419-424, 469-476; Optimum legislative sizes, 340-345; Participatory democracy, 459-464; Party reform, 454-459; Private foundations, 314-319; Public opinion, influence of, 414-419, 485-491; Responsiveness, 485-491; Seniority, 431-436, 437-443; Staff impact on policy, 450-454; State legislatures, 408-414, 450-454; Symposium on reform, 394-491; Tax reform, 308-314
Constitutional law, 517
Constraints on legislative policy-making, 402-408
Controls on science, 180-185; Administrative oversight; 186-196
Convention papers, 144-147, 266-270
Coordination of organizational design, 19-21
Costs: Hospital, 295-300; Information, 301-307, 397-399; Labor market discrimination, 321-323
Criminal justice, 289-294; Application of ethical intuition, 291-293; Formal modeling approach to, 290-291

Data sources for arts policy, 121-124
Decentralization, 516; Of organizational design, 18-19; Science policy, 185-192
Decision processes, 4-8, 65-85; 265-266, 515; Administration of, 65-85; budgeting, 65-69; management science, 80-85; planning, 70-79; Science policy, 185-192; Water resource planning, 142-143
Deductive models: Foundations for deductive modeling, 282-294; General institutional framework, 326-351; Particular issues, 295-325; Symposium on, 280-351
Defense policy, 497-509
Demand for energy, 301-307
Democracy, 459-465
Democrats, 431-436, 459-464
Desegregation of schools, 368-369
Developments in science policy, 180-204
Dimensional shift in policy analysis, 171-175
Discount rate, public investments, 332-340; Alternative views, 333-337; Arrow-Lind view, 337-338
Discrimination in labor markets, 320-325; Consequences, 323-324; Cost reduction explanation of, 321-323
Drug regulation, 136-137

Economic models. See deductive models.
Economic regulation, 136-137
Educational policy, 367-369, 515; Equality in public school finance, 367-368; School desegregation, 368-369
Elections, Congressional, 414-418, 454-459, 513-514
Empirical models, 34-40, 282-289
Employment, 135-136; 247-249
Energy policy: 301-307, 514-515
Engineering concepts in policy analysis, 166-171
Equality in public school finance, 367-368
Ethics, 109-111; Criminal justice, 291-293
Evaluation: Current tax policies, 317-318; Negative income tax experiment, 371; Private foundations, 317-318
Executive: Constraints on Congress, 402-408; Impoundment of funds, 480-485; Objectives, management of, 370-371; Spending power, 511-512
Experiments: Guaranteed income experiment, 244-245; Health policy, 297-299; Jobs experiment, 247-249; Negative income tax, 371
Extrinsic value theory of research, 160-168

Federalism, 50-56, 366-367
Fields, political science, bibliography, 517-520
Financing public schools, 367-368

Florida legislature, 450-454
Forecasting, 140-141
Foreign policy process, 193-198
Foundations, private, 314-319
Funding sources for arts policy, 120-121
Global security, 499-501
Government control of health policy, 295-300
Government productivity, 345-351
Group discounting, 332-340
Guaranteed income experiment, 244-245
Guaranteed job experiment, 247-249

Health policy, 295-300, 516
Hospital costs, 295-300
House of Representatives, 431-436, 437-443, 443-450, 459-464
Housing and Community Development Act, 76
Human resources, administration of, 4-8, 9-40; Administrative behavior, 29-33; Empirical and normative modeling, 34-40; Implementation, 9-14; Leadership, 34-40; Organizational design, 15-22; Policy management, 15-22; Public personnel, 23-28; Rationality, 29-33

Implementation of policy: And human resources, 9-14; As political process, 9-12; Policy analysis and implementation estimates, 12-13 Research programs, 13-14
Impoundment of funds, 480-485
Incentives for health policy, 295-300
Income programs, 132-133, 244-245, 308-314, 326-332, 372
Indexation, 326-332
Inflation, 326-332
Information costs, 301-307, 397-399
Information services, 61
Innovations in science, 171-175
Institutional framework of deductive modeling, 326-351
Intelligence agencies, 476-480, 512
Intergovernmental organizations, 201-203
Intergovernmental relations: And actors, 50-55; Planning, 74-77
International organizations, 198-205
International relations, 497-509, 520
International Relations, House Committee on, 443-450
International science policy: Intergovernmental organizations, 201-203; Interstate interactions, 199-200; Transnational interactions, 200-201
Interstate interactions in science policy, 199-200
Investments, public, 332-340
Issues in deductive modeling, 295-325

Jobs experiment, 247-249
Judicial process, 517

Labor markets, discrimination in, 320-325
Land use policy: Control devices, 353-357; Property law, 351-355; Recent studies, 357-360
Law and society, 141-142
Leadership: Congress, 464-469; Empirical and normative modeling, 36-39; Theory, 35-36
Legislative-administrative relations, 56-64
Legislatures 518. Also see Congress.
Literature and government, 114-124
Local government, 519

Management science, 15-22, 80-85, 370-371
Mathematical methods, 513
Membership turnover in Congress, 419-424, 469-476
Methodology, 140-141, 513, 520. Also see deductive models.
Modeling, 34-40. Also see deductive models.
Moon Shot Metaphor of policy analysis, 168-171
Music and the government, 114-124

National security, 501-505
Negative income tax experiment, 371

New federalism, 50-56
Non-political science conventions, 266-270
Normative modeling, 34-40. Also see deductive models.

Objectives, management of, 15-22, 370-371
Oceans policy, 361-365
Omnibus Crime Control and Safe Streets Act, 76
Opinion, public, 414-419, 485-491
Optimum legislative sizes, 340-345
Organizational design, 15-23
Organization of human resources, 4-8, 9-40
Organization science, development, 16-17
Organizations: Intergovernmental, 201-203; International, 198-205; Survival, 315-317
Oversight and control of policy, 59-60, 86-96

Participatory democracy, 459-464
Party reform and Congress, 454-459
Personnel administration, 23-28
Philanthropy, 314-319
Planning in administration, 70-79
Policy implementation, 9-15
Policy management, 4-113
Policy studies textbooks, 250-263, 270-272
Political economy, 262-263
Political parties, 414-418, 454-459, 513-514, 518; Democratic, 431-435, 439-464
Political science conventions, 144-147
Political science fields, bibliography, 517-520
Political theory, 520
Politics: Government purchasing, 345-351; Implementation, 9-12; Pollution, 263-264
Pollution, 263-264, 371
Poverty: And race, 132-135; Employment, 135-136; Income differentials, 134-135; Programs, 132-133, 244-245, 372
President: Constraints on Congress, 402-408; Impoundment of funds, 480-485; Objectives, management of, 370-371;
President (con't) Spending power, 511-512
Pressure groups, 518
Private foundations, 314-319
Productivity, government, 97-107, 345-351
Property law, 351-355
Public administration, 517-518. Also see administering public policy.
Public investments, 332-340
Public opinion, 414-419, 485-491, 518
Public schools, financing, 367-368
Public personnel administration, 23-28
Public welfare, 132-133, 244-245, 372
Purchasing, 345-351

Race: And poverty, 132-135; Employment, 135-136; Income differentials, 134-135; Programs, 132-133, 244-245, 372
Rationality, 29-33, 83-84
Reforms in legislatures, 56-65. Also see Congress.
Regional political science conventions, 144-147
Regional science policy, 198-205
Regulation, economic, 136-137
Reimbursement for health costs, 299-300
Research and development programs: Citizen participation, 217-227; Science policy, 205-228
Research, applied and basic, 160-168, 491-497
Research programs and implementation, 13-14
Research utilization, 217-227
Responsibility in policy analysis. See accountability
Responsiveness, Congressional, 485-491
Revenue sharing, 366-367
Role analysis, 41-64

Safety regulation, 136-137
Schools: Desegregation of, 368-369; Financing, 367-368
Science and technology policy: And foreign policy, 193-198; Controls on, 180-185, 186-196; Decision-making, 185-192; Decentralization, 185-192; Developments and trends,

Science and technology policy (con't)
180-204; Forecasting, 140-141; Innovation, 171-175; International, 198-205; Regional, 198-205; Research and development, 205-228; Scientific community, 175-180; Soviet Union, 211-217; Symposium on, 157-228; Transnational interactions, 200-201
Secondary effects, energy, 301-307
Senate, 464-469
Seniority, Congressional, 431-436, 437-443
Social directions, bibliography on, 372-373
Social experiments: Guaranteed income experiment, 244-245; Health policy, 297-299; Jobs experiment, 247-249
Social forecasting methodology, 140-141
Social indicators, 516
Social programs, bibliography on, 143-144
Social Science Information Service, 228-234
Soviet Union, 211-217
Spending in campaigns, 424-431, 513-514
Staff impact on legislative policy, 450-454
State government, 519
State legislatures, 408-414, 450-454
Statistics, 516
Systems analysis, 513

Tax Reform Policy, 132-133, 244-245, 308-314, 326-332, 372, 516
Teaching policy studies, 124-131; Bibliography of policy studies books, 250-263, 270-272; Policy analysis for undergraduates, 234-244; Policy learning packages, 138-140
Technology. See science and technology policy.
Textbooks on policy analysis, 250-263, 270-272
Theory: Administrative, 30-31; Leadership, 35-36; Management science, 81-82
Transnational interactions, science, 200-201
Turnover in Congress, 419-424, 469-476

Unemployment, 135-136, 247-249
Undergraduate policy studies. See teaching policy studies.
Urban policy, 264-265, 516, 519
Utilization of research, 217-227

Values in policy, 160-168, 396-397, 399-400
Voting behavior, legislative, 308-314, 340-345, 518

Water resource planning, 142-143, 361-365
Welfare, 132-136, 244-245, 372
Wilsonian legacy, 108-114
